RoHS2 is a CE marking directive. The CE marking for RoHS2 applies to finished electrical and electronic equipment. The CE mark is not applicable to Lumex products as they are component level items intended for use by the purchasing manufacturer in specific higher level sub-assemblies, assemblies or end products.

We hereby certify that Lumex LED parts do not contain the substance Decabromodiphenyl Ether (Deca-BDE).

No exemptions are claimed.

This document also certifies that the material declaration that has been provided by Lumex is accurate.
