Lumex California Proposition 65 Disclosure Statement

Some Lumex products contain the following substances that appear on the California Proposition 65 Hazardous Substance list:

Gallium Arsenide CAS 1303-00-0

Nickel CAS 7440-02-0

Beryllium CAS 7440-41-7

Toluene CAS 108-88-3

For specific product information, contact Lumex for a material declaration.

Lumex is a provider of components sold in bulk to manufacturers of finished products. Manufacturers of finished products should determine if a warning label is required. Lumex is not required to label components according to California Proposition 65.
